PROFILE

Computer Science undergraduate (Cybersecurity specialization) at UPES with hands-on exposure to web application development and basic security tools. Familiar with Node.js-based applications, deployment and system integration, with an interest in building secure and scalable systems.

EDUCATION

UPES Dehradun <i>B.Tech Computer Science (Cybersecurity) · CGPA: 8.87 / 10</i>	2024 – 2028
Holy Mission Senior Secondary School (CBSE) <i>Class XII · 90.4%</i>	2023
Carmel High School (ICSE) <i>Class X · 88.4%</i>	2021

INTERNSHIP EXPERIENCE

Being Helper Foundation <i>Summer Intern</i>	Jun 2025 – Aug 2025
- Taught academic subjects and digital skills to underprivileged students in under-resourced environments - Designed engaging learning activities to improve student participation. - Strengthened communication, leadership, and adaptability skills working in low source environments.	

PROJECTS

Aviation Learning Platform <i>Node.js · Supabase · Clerk · Razorpay · Vercel</i>	- Built a web based platform using Node.js with authentication and payment integration. - Used Clerk (auth), Supabase (database), Razorpay (payments) - Deployed on Vercel and managed version control using Git.
Student Performance Analyzer <i>Python · Pandas · Matplotlib</i>	- Developed a program using file handling and data structures and basic visualisation. - Generated structured insights from student data
Confidential Genome Sequencing (Ongoing) <i>Software Engineering · Secure Computation</i>	- Working on secure data processing and privacy-preserving computation. - Applying SDLC, system design and requirement analysis concepts. - Understanding secure architecture and collaborative computation.

TECHNICAL SKILLS

Languages: Python, Java, C, JavaScript	Data: Pandas, NumPy, Matplotlib
Web: HTML, CSS, Node.js	Security Tools: Nmap, Burp Suite, Metasploit (academic)
Tools: Git, Vercel, Supabase, Clerk, Razorpay	Concepts: DSA, File Handling, SDLC, OOP

ACHIEVEMENTS & ACTIVITIES

- Documentation, Creatives & PR Member** — Avishkarnam Literary Club, UPES (2024–2025)
- Volunteered in organising UKTI Literature Festival (2025) and Litcon Literary Event (2024)
- Built working model on Indore's Waste Management System for university sustainability fair
